With a wife, three kids and long list of good friends, Riverview resident Matt Boettger wants his backyard to be a comfortable place to hang out. So last September, he took the landscape layout he'd spent six years developing to Outdoor Impres-

sions. After just two months, his yard became the de facto hang out spot, with a TV, surround sound system, couches, full bar, grill, lamps, kegerator, fireplace, pergola and screened-in pool. "I basically have a whole interior living room, outside," he said.
